REQUIREMENT USIB-64; C-RR4-81,735

25X1

Location: 11.3 nm NNW of Odessa

Configuration: G

Orientation: [REDACTED]

Status: Complete

Launch Facilities: 4 positions, revetted and occupied

Electronic Facilities: Guidance area is revetted and occupied; a possible acquisition radar position, unrevetted and unoccupied is 200 ft S of guidance area

Site Support Facilities: Site is collocated with SAM Site B35-2 and probably shares approximately 10 support buildings; the revetted missile-hold position contains 4 unidentified objects

Security Measures: Site is single fenced

Remarks: The relationship between launch positions, guidance area, and the missile-hold position indicates that the site is a G-configuration SA-3 site, although the inner road pattern is somewhat different from the prototype.
